

NWRR Executive Board

4th October 2023

Apologies: Andy Wilde

Present: Matt Johnson, Gary Dymond, Mark Barrow, Cllr Dan Morris

AGENDA

- 1. EIA (Environmental Impact Assessment) & Compensation strategy**
 - a. MJ confirmed it can be accommodated on our land
 - b. Hencote pool issue and third-party land to be worked through.
- 2. Capacity Modelling**
 - a. This has been a question on day one - by 2038 new infrastructure.
 - b. Modelling for capacity - needs to be clear. Stress in presentation
 - c. Post pandemic traffic modelling still changing
 - d. In terms of land acquired as part of the scheme could we secure more land...
 - e. GL - pedestrian bridge excluded, junction capacity,
 - f. Need officers to be clear - [REDACTED] to defend junction capacity.
- 3. Strategic Links**
 - a. Links to LTP4 & LCWIP (Local Cycling and Walking Infrastructure Plan) in hand
 - b. Review in context of future Local Plan developments, links to P&R, Investment in public transport.
 - c. We need to model the bigger picture in line with the 2050 work.
 - d. Doesn't include Local Plan but does include a growth factor...
- 4. Planning Committee**
 - a. Focus on introduction that sets the strategic aims and context
 - b. Stress the importance of the new road economically
- 5. AOB**
 - a. Nothing
