**Evidence summary** 1\_145246\_240524 sc original

The confirmed DMMO orders for the Adderley bridleway and footpaths have important implications for the other rights of way in Adderley Parish. They confirm that Shropshire Council's deletion of paths after a meeting with Lord Corbett and tenants was wrong as the committee did not have all the necessary information. Specifically the evidence from the 1910 Finance Act Field Book was not available. Additionally the survey made by a Parish Council working party in 1950 and approved by the Council later in that year was ignored. For the bridleway and the footpath decisions the inspector relied heavily on the Finance Act Field Book records.

In March 1956 under pressure from Lord Corbett Adderley Parish Council withdrew two paths from their list. One of these was path 2 from the Church to the Norton in Hales road. However this path was declared as a right of way in the Finance Act Field Book.

In the light of the above this right of way submitted by the Parish Council should be reinstated.
