

Statement of Intent for ECO4 and Great British Insulation Scheme

Shropshire Council ECO4 and Great British Insulation Scheme Flexible Eligibility Statement of Intent

Local Authority name: Shropshire Council

Publication Date: 30/07/2025

Version number: V.5

Publication on web site: <https://next.shropshire.gov.uk/housing/private-sector-housing/affordable-warmth-and-energy-efficiency/>

This statement sets out **Shropshire** Council's flexible eligibility criteria for the Energy Company Obligation (ECO4) and Great British Insulation schemes which run until March 2026.

The ECO4 scheme will focus on supporting low income and vulnerable households. The scheme will improve the least energy efficient homes helping to meet the Government's fuel poverty and net zero commitments. The Great British Insulation Scheme will support the ECO4 scheme in the delivery of predominantly single measures targeted at a wider range of households.

The flexible approach for Local Authorities (LAs) to identifying fuel poor and vulnerable households who may benefit from heating and energy saving measures is referred to as "ECO4 Flex" and "Great British Insulation Scheme Flex".

The Council is publishing this Statement of Intent (SoI), on the **30/07/2025** to confirm that each of the households declared will adhere to at least one of the four available routes outlined below. The tick boxes can be used to indicate to households which routes the council is using:

☒ **Route 1:** Owner-occupied and private rented sector households with a gross annual income less than £31,000. This cap applies irrespective of the property size, composition, or region.

☒ **Route 2:** Owner-occupied and private rented sector households that meet a combination of two of the following proxies:

Proxy 1) Homes in England in Lower-layer Super Output Area 1-3 (LSOA)¹, or homes in Welsh provision LSOA 1-3 on the Welsh Index of Multiple Deprivation 2019², or homes in Scotland in “data zone” 1-3 on the Scottish Index of Multiple Deprivation 2020^{3*}

Proxy 2) A person living at the premises is entitled to a Council Tax reduction on the grounds of low-income.

Proxy 3) A person living at the premises is considered to be vulnerable to the cold under the National Institute for Health and Care Excellence (NICE) Guidance NG6: Recommendation 2, for a reason other than their low-income^{4*}

Proxy 4) A child living at the premises is eligible for free school meals, due to low-income⁵

Proxy 5) A person living at the premises is supported by a scheme established by the LA/DA that is named and described within their Statement of Intent and established to support people living on a low-income and considered vulnerable to the cold under NICE Guideline NG6.

In Shropshire, residents may be eligible under this Proxy if they have been supported by the Council’s Keep Shropshire Warm scheme. The scheme aims to support Shropshire residents experiencing either food or fuel poverty, facing immediate financial difficulties, or struggling to pay essential household bills including energy bills. Distribution of the funding considers the characteristics that would make members of the household vulnerable according to NICE guidelines

⁵ Under section 512ZB(4) of the Education Act 1996 or section 53 of the Education (Scotland) Act 1980

Proxy 6) A household referred to the LA for support by their energy supplier or Citizens Advice or Citizens Advice Scotland, because they have been identified as struggling to pay their electricity and/or gas bills.

* Note proxies 1 and 3 cannot be used together.

☒ **Route 3:** Owner-occupied and private rented sector households that have been identified by either a person registered in the General Practitioner Register, a Scottish Health Board, a Welsh Health Board, an NHS Foundation Trust, or an NHS Trust as vulnerable, with an occupant whose health conditions may be adversely affected by living in a cold home. These health conditions must be cardiovascular, respiratory, immunosuppressed, or limited mobility related.

☒ **Route 4 [applicable to ECO4 Flex only]:** Owner-occupied and private rented sector households that are referred under Route 4: Bespoke Targeting. Suppliers and LAs can submit an application to the Department for Energy Security and Net Zero where they have identified new methods to identify low-income and vulnerable households. Applications need to demonstrate a number of factors, including that the proposed methodology is more effective at identify households in fuel poverty than the criterion offered under Routes 1 and 2.

Declaration sign-off conditions

- Shropshire Council will reject outright any LA flex application where the resident/householder is currently registered on the Sustainable Warmth Shropshire (SWS) scheme. On receipt of an LA flex application, the AWEE team will cross-reference applications against the SWS scheme applications register.
- Shropshire Council reserves the right to reject flex declarations where significant concerns exist concerning the proposed ECO4 measures plan for the residents. We expect contractors to undertake a fabric-first approach and reserve the right to reject designs that are deemed to not be in the resident's best interest. Contractors will be given an opportunity to re-submit designs in such instances

Scheme eligibility

All potentially eligible households should apply through Shropshire Council's FlexConnect service run by CT Eco Plus Limited and apply directly through www.shropshireflex.org or directly via one of their approved ECO installers.

An LA officer (not a 3rd party working on behalf of an LA) will be responsible for checking, and verifying evidence, and issuing declarations. For any general enquiries relating to this SoI please contact:
