13 July 2015

Dear Daphne,

SITE ALLOCATIONS AND MANAGEMENT OF DEVELOPMENT (SAMDEV) PLAN SCHEDULE OF MAIN MODIFICATIONS

Thank you for forwarding me details of this consultation. The Highways Agency, now Highways England, has previously commented during the initial round of consultation for the preparation of the SAMDev document. Overall, we are content that the plan has been prepared with a sound transport evidence base, which has been enhanced by the recent announcement of a number of large schemes to improve trunk road capacity around Shrewsbury.

I can confirm that Highways England has reviewed the proposed modifications and we do not wish to make any further comments. This is due to the modifications themselves not having a foreseeable impact on the operation or safety of the strategic road network. Please accept this letter as our formal response to the consultation.

If you require any clarification then please do not hesitate to contact me.

Yours sincerely

Patrick Thomas
