Consistent with national policy	<input type="checkbox"/>	<input checked="" type="checkbox"/>

3) If you have answered 'no' to any of the above please specify your reason for objecting below. You should make clear why the Main Modification is either not legally compliant and/or unsound having regard to whether the modification is not: positively prepared; justified; effective; or, not consistent with national policy. Please see guidance notes for explanation of these terms:

The reason for this is that Shropshire Council in its assessment of available land for development to achieve the delivery of the 370 dwellings for Church Stretton within the SAMDev correctly determined that development on land to the east of the A49 was the best option for future major residential development.

This position is confirmed in the officer report as a justification for approving the development of 34 houses to the east of Cwms lane, 14/01173/OUT:-

"The release of further Greenfield land for housing will be focused to the east of the A49 on sustainable sites adjoining the development boundary"

In addition to this it was confirmed by Shropshire Council at the initial hearing examination of the SAMDev in December 2014 that development on land to the east of the A49 had the least impact on the character of the AONB compared to other potential development sites around the town.

Continue on a separate sheet if necessary

- 4) Please set out what change(s) you consider necessary to make the SAMDev Main Modification legally compliant and/or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.**

Policy S5.1(3) should be reinstated in Policy S5.

Continue on a separate sheet if necessary.

Please note you should cover all the information, evidence and supporting information necessary to justify the representation and the suggested change. After this stage, further submissions will only be accepted at the request of the Inspector.
