	Yes	No
Legally compliant	<input type="checkbox"/>	<input type="checkbox"/>
Positively prepared	<input type="checkbox"/>	<input type="checkbox"/>
Justified	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Effective	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Consistent with national policy	<input type="checkbox"/>	<input type="checkbox"/>

**3) If you have answered 'no' to any of the above please specify your reason for objecting below. You should make clear why the Main Modification is either not legally compliant and/or unsound having regard to whether the modification is not: positively prepared; justified; effective; or, not consistent with national policy. Please see guidance notes for explanation of these terms:**

The inclusion of text within the development strategy for Ludlow to ensure that the context of Ludlow Castle is appropriately taken into account by all development proposals in the town is supported in principle. However, the requirement for all proposals to enhance the setting of the historic town core is considered to be onerous, particularly when development proposals are not located within the historic centre and have no identifiable impact on the historic setting due to distance separation.

Neither the Core Strategy or SAM Dev identify any specific Town Centre projects that should be supported by new development funding and therefore the ability for remote schemes to comply with this amended policy and 'enhance' is constrained.

- 4) Please set out what change(s) you consider necessary to make the SAMDev Main Modification legally compliant and/or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.**

It is recommended that the introduced wording be amended to differentiate between proposals within or adjacent the historic centre that are able to have an enhancing effect and those sites beyond the current built limits of the town.

Amended wording is suggested below:

**“6. *Relevant or Town Centre* development should protect, restore and enhance the setting and significance of the historic core of the town recognising the importance of Ludlow Castle as a national heritage asset of national and international significance.”**

This follows the guidance of the National Planning Policy Framework that advises at paragraph 126 of the ‘desirability’ for developments to enhance heritage assets and not that it is a pre-requisite for all developments.

Continue on a separate sheet if necessary.

Please note you should cover all the information, evidence and supporting information necessary to justify the representation and the suggested change. After this stage, further submissions will only be accepted at the request of the Inspector.
