	Yes	No
Legally compliant	<input type="checkbox"/>	<input type="checkbox"/>
Positively prepared	<input type="checkbox"/>	<input type="checkbox"/>
Justified	<input type="checkbox"/>	<input type="checkbox"/>
Effective	<input type="checkbox"/>	<input type="checkbox"/>
Consistent with national policy	<input type="checkbox"/>	<input checked="" type="checkbox"/>

3) If you have answered 'no' to any of the above please specify your reason for objecting below. You should make clear why the Main Modification is either not legally compliant and/or unsound having regard to whether the modification is not: positively prepared; justified; effective; or, not consistent with national policy. Please see guidance notes for explanation of these terms:

The proposed amendments to the text appear to exceed the provisions of both the NPPF and the 1990 Act. The amended version requires developments to 'respect, restore and enhance' the setting and significance of the historic core of the town. Firstly, it makes the reference to 'setting and significance' rather than referring to setting as part of significance (in line with the NPPF). However, it again uses the terms 'respect' and 'restore', neither of which have a basis in the 1990 Act or NPPF. 'Respect' is a frequently used term in planning issues, but how can it be defined from a policy perspective? How do we know when 'respect' has been achieved? An alternative approach may be to use the term 'sustain and / or enhance the character and appearance'. In this way it would be possible to define the attributes that contribute to 'character and appearance' and then assess whether, or not, a proposed development sustains or enhances those attributes.

Similarly, the amended text requires proposals to 'recognise' the importance of Ludlow Castle as a nationally and internationally important heritage asset. How would the LPA be able to state whether or not a proposed development had 'recognised' that importance?

Continue on a separate sheet if necessary

- 4) Please set out what change(s) you consider necessary to make the SAMDev Main Modification legally compliant and/or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.**

Continue on a separate sheet if necessary.
