You should make clear why the Main Modification is either not legally compliant and/or unsound having regard to whether the modification is not: positively prepared; justified; effective; or, not consistent with national policy. Please see guidance notes for explanation of these terms:**

J Ross Developments are the of the Rocks Green Housing Allocation LUD017 at Ludlow and would like to support the inclusion of text at S1 0.1(6) in respect of the necessary infrastructure to be delivered alongside the housing allocation. Concerning the required site infrastructure, there has been a longstanding understanding that the allocation would need to contribute to providing linkages to Ludlow. Works such as enhancement of the existing Toucan crossing facility across the A49 at Rocks Green Roundabout and scope for further pedestrian and cycles linkages would be contribute toward through the Rocks Green LUD017 allocation. In addition to this the requirement for wider routes has also been understood, such as footpath improvements to the south to provide a link to the Eco employment park allocation.

The delivery of such linkages will ensure the Rocks Green site is accessible by pedestrian and cycle routes to the wider Ludlow area and the new employment park. On behalf of J Ross Developments, this representation confirms that a contribution toward the provision of such linkages will be included within any development proposals for the site.

- 4) Please set out what change(s) you consider necessary to make the SAMDev Main Modification legally compliant and/or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.**

The proposed changes to the policy wording is considered to be acceptable and will result in the effective delivery of the Ludlow site allocation LUD017.

Continue on a separate sheet if necessary.

Please note you should cover all the information, evidence and supporting information necessary to justify the representation and the suggested change. After this stage, further submissions will only be accepted at the request of the Inspector.
