SHROPSHIRE COUNCIL
SITE ALLOCATIONS AND MANAGEMENT OF DEVELOPMENT
(SAMDEV) PLAN

PRE-SUBMISSION DRAFT (FINAL PLAN)

SUBMISSIONS ON BEHALF
OF
LANDS IMPROVEMENT HOLDINGS

APRIL 2014

INTRODUCTION

1. This submission is made in response to the Pre-submission Draft Shropshire Site Allocations and Development Management Plan ("SAMDev plan") and is made on behalf of Lands Improvement Holdings ("LIH"). LIH is in negotiations with landowners to purchase land which forms part of the Shrewsbury South Sustainable Urban Extension (SUE) and is currently preparing a planning application for development which is in accordance with the principles set out in the Council's Adopted Masterplan.
2. LIH supports the allocation of the Shrewsbury South SUE in the SAMDev plan and welcomes the support it has received from the Council regarding the bringing forward of proposals to fully deliver the development within the plan period. There are, however, a number of matters arising from the SAMDev plan as drafted on which LIH wish to comment. These are dealt with in the various representations made.

PLAN SECTION: Policy S16 Shrewsbury Area

SUPPORT OR OBJECT: OBJECT

SOUNDNESS TESTS FAILED: Not effective

3. LIH supports the allocation of the Shrewsbury South SUE as a key part of the development strategy in accordance with the Core Strategy. LIH considers, however, that the wording of Policy S16 should be more flexible to enable development proposals to be brought forward which reflect further detailed analysis of the site and its development potential.
4. Policy S16 paragraph 5. states that:

"The development of the Shrewsbury South and Shrewsbury West Sustainable Urban Extensions (SUE's) identified on the Policies Map will be supported, provided that:

i. The development delivers the scale and type of development set out in Policy CS2 and has regard to the broad arrangement of land uses indicated on the SUE Land Use Plans (Figures S16.1.1 and S16.1.2);

ii. The development accords with the principles of the SUE masterplans adopted by the Council and is linked to the provision of the identified infrastructure requirements, with initial planning applications accompanied by phasing and delivery strategies;"
5. LIH broadly supports this approach but seeks clarification from the Council that the development principles of the adopted SUE masterplan will be applied flexibly. This is to ensure that development can be delivered which reflects further detailed masterplanning and analysis of market demand.
6. In this regard, it is not considered effective that Policy S16 requires development to accord with the principles of the SUE masterplan adopted by the Council. As more detailed development proposals are progressed for the site, these may diverge from the previously adopted principles, where justified.

7. LIH considers that it is more effective for development proposals to have regard to the SUE masterplan principles. This can be accommodated through a minor wording change to Policy S16 as set out below. This proposed change is also consistent with the references in Schedules 16.1a and 16.1b whereby development is to have regard to the SUE land use plan (Figure 16.1.1) and the adopted masterplan.

Change sought to the plan

8. Replace paragraph 5. of Policy S16 with the following:

“The development of the Shrewsbury South and Shrewsbury West Sustainable Urban Extensions (SUE’s) identified on the Policies Map will be supported, provided that:

i. The development delivers the scale and type of development set out in Policy CS2 and has regard to the broad arrangement of land uses indicated on the SUE Land Use Plans (Figures S16.1.1 and S16.1.2);

*ii. The development ~~accords~~**has regard** to the principles of the SUE masterplans adopted by the Council and is linked to the provision of the identified infrastructure requirements, with initial planning applications accompanied by phasing and delivery strategies;”*
