I feel that the density of housing ,16 dw ellings on the 3 sites LYD 007, 008, 009 is too great for a small single track lane w ith bad site line onto the major road through the village and no pavement and used frequently by dog w alkers, pedestrians and horse riders (there is a riding stable at the bottom of the lane).

I feel that new housing should be spread throughout the village.

Re LYD 007 the building on the corner of the lane and main road is one of the few original buildings in the village and appears on old maps c. 1600's and in my opinion should not demolished.

Q9: Explain the changes you think should be made to the SAMdev Plan in order to make it legally compliant or sound. You should explain your suggested revisions to the policy, paragraph or section of the policies map and why this change would make the plan legally compliant or sound. Please be as precise as possible.

New housing should be spread through the village
