

Layout Details

Section A-A

Notes

1. All dimensions are in millimetres.
2. All surfaces and joints which are to overlaid with new surfacing are to receive a tack coat prior to the application of the new material.
3. Diagram 1062 shall be 750mm wide at base, extending along the length of the ramp for a maximum distance of 1850mm.
4. Diagram Numbers refer to the Traffic Signs Regulations and General Directions 2016.
5. Depending upon the horizontal and vertical alignment of the road, gullies may be required to prevent ponding.
6. The plateau should be between 2.5-20.0 metres in length (minimum of 6.0 metres when located on a bus route).
7. See Appendix 7/1 for Specification of surfacing materials.
8. To be constructed in accordance with the Road Hump Regulations 1999.
