

Helping nature recover by...

Nature Recovery
Shropshire and
Telford & Wrekin

Hello my name is Elsie Crichton and I am 11 years old. I have been surrounded by nature my whole life. I love nature because it fascinates me. I have been going to Wheathill since I was born to see Gee Gee (Sue Crichton) and have loved exploring the pond, climbing trees, making dens and learning about nature. I have taken what I have learned from Wheathill to Cheltenham, Hereford and now to Gower.

Elsie C, aged 3, at Wheathill

Global Girls performing at Gowers Got Talent.

What have I done to help nature? In my free time, with my friends we have set up a conservation group called Global Girls EAAF. Here we are at Gowers Got Talent, talking about nature and telling 115 people what we do!

We collected grass seeds from my fields and made 80 or more seed bombs, we sold them and some other things and raised £100.

Global Girls making seed bombs

With some of our money we made, we bought a pond liner. We all dug the pond ourselves and now there is plants and animals in it.

Our pond in our nature den

"Hello I am 8, I am called Flossie. We used some of the money we raised to buy trees. We bought and planted a Horse Chestnut, a Beech, a Cherry and a Crab Apple Tree."

To Mower man
that probaly is
not your real
name. But I
need to tell you
something I
am cassowary kid
from the Global
girls can you
please leev some
long grass then
more animals can
love in the park.
Thank you. I am 10.

We have written a letter to the mower man to leave the grass longer in the park and he did! Now the park has a lovely wild patch. In June Gee Gee and I found 22 types of grass and flowers. This is helping towards 30 by 30.

Scan me

The wild patch left in our park after we wrote to the mower Man.

"Hi I am Ava Delloy I am 9 years old, together we created a Global Girls website and we have a QR code which is there and it says scan me so scan me to find out!"

Here is our website address to find out more about the things we do!

"Hi I am Elsie Burman, I am 10 years old. Next we plan to write to the King to complain about sewage disposal and do a Llangennith craft market and sell seed bombs and other things to help the environment. We want to perform again to inspire more people to want to help the earth by doing things, like litter picks and taking care to put rubbish in the right bin."
