Persons proposing to submit a Tender are advised to read the Invitation to Tender documentation carefully to ensure that they are fully familiar with the nature and extent of the obligations to be accepted by them if their Tender is accepted.
- 1.4 The Invitation to Tender documents must be treated as private and confidential. Tenderers should not disclose the fact that they have been invited to tender or release details of the Invitation to tender document other than on an “in confidence” basis to those who have a legitimate need to know or who they need to consult for the purpose of preparing the tender as further detailed in these Instructions for Tendering.

- 1.8 Shropshire Council is purchasing on behalf of itself and any wholly owned local authority company or other entity that is deemed to be a contracting authority by virtue of the Council’s involvement.

2.0 Terms and Conditions

- 2.1 Every Tender received by the Council shall be deemed to have been made subject to the draft contract and these Instructions for Tendering unless the Council shall previously have expressly agreed in writing to the contrary.
- 2.2 The Tenderer is advised that in the event of their Tender being accepted by the Council, they will be required to undertake the required services.

No claim arising out of want of knowledge will be accepted. Any information supplied by the Council (whether in the Tender Documentation or otherwise) is supplied only for general guidance in the preparation of tenders.

3.2.2 Any Tenderer considering making the decision to enter into a contractual relationship with the Council must make an independent assessment of the Tender opportunity after making such investigation and taking such professional advice as it deems necessary.

In particular, the Council wishes to encourage solutions which also deliver benefits and added value to the local economy, residents and the business community.

5.2 Tenderers may submit, at their discretion, a Tender offering a different approach to the project as a “Variant Bid”. However, to permit comparability, at least one bid must be submitted strictly in accordance with the Invitation to Tender Documents(the “Compliant Tender”) . Any Tender variant proposed must clearly state how it varies from the requirements of the Compliant Tender Documents, and be explicit in demonstrating the benefits that will accrue to the Council from adopting this approach. Tenderers will be required to identify which submission, in their view, demonstrates best value to the Council.

5.3 Variant Bids must contain sufficient financial and operational detail to allow any Variant Bid to be compared with the standard Tender, permitting its considerations in written form.

6.0 Tender Evaluation

6.1 The Tenderers may be called for interview to seek clarification of their tender or additional or supplemental information in relation to their tender. Any areas of discrepancy between submissions and information gained from the presentations will be reviewed and scores previously awarded will be amended if necessary.

6.2 If the Council suspects that there has been an error in the pricing of a Tender, the Council reserves the right to seek such clarification, as it considers necessary from the Tenderer in question.

These responses shall have the full force of this Instruction and where appropriate the Conditions of Contract. If a Tenderer wishes the Council to treat a question as confidential this must be expressly stated. The Council will consider such requests and will seek to act fairly between the Tenderers, whilst meeting its public law and procurement duties in making its decision.

7.6 Except as directed in writing by the Authorised Officer, and confirmed in writing to a Tenderer, no agent or officer or elected Member (Councillor) of the Council has any express or implied authority to make any representation or give any explanation to Tenderers as to the meaning of any of the Tender Documents, or as to anything to be done or not to be done by a Tenderer or to give any warranties additional to those (if any) contained in the ITT or as to any other matter or thing so as to bind the Council in any way howsoever.

Therefore any indication of a pricing strategy within a Tender which provides for substantial payments at the outset of the Contract will be examined carefully to decide whether or not a Tender in such form can be accepted. If in the opinion of the Council such substantial payments appear excessive in relation to the requirements of the Contract the Council reserves, without prejudice to any other right to reject any Tender it may have, the right to require the Tenderer to spread such proportion of the costs as are considered excessive over the duration of the Contract.

SCHEDULE 1

SPECIFICATION

DOCV 004 - Contract for WEEE recycling

SPECIFICATION

This Contract is for the collection and treatment of all household Waste Electrical & Electronic Equipment (WEEE) that is brought by the public to our 5 household recycling centres (HRC's) in Shropshire. All sites are designated collection facilities (DCF's) for WEEE in line with the WEEE regulations 2006, as amended.

The Contract requires a Producer Compliance Scheme (PCS) to act as a managing agent to organise the collection of all WEEE streams. The Contractor must provide a holistic solution to the management of all domestic WEEE streams by a fully licenced and approved scheme operating via a single integrated contract.

The Contract will give the Contractor exclusivity to manage WEEE on the Council's behalf for the duration of the contract.

Background

The Council manages a network of 5 household recycling centres, all of which have been registered as DCFs. (A list of the DCFs is provided as Appendix 1 to this Specification). The day to day operation of these sites is already encompassed within a long term PFI Contract but the removal and recycling of WEEE is specifically excluded. The provision, maintenance, signing and staffing of DCFs shall remain entirely the responsibility of the site operator.

Service requirements

This Services include the collection and treatment of all WEEE brought to the Council's sites by the public. This entails the provision of containers, their collection and haulage to AATFs. This includes at sites which cannot accommodate containers, WEEE which is stored on hard-standing where the PCS will need to appoint a sub-contractor with sufficient resources for the loading of such units.

Appendix 1 of this Specification provides an indication of the size of storage areas at individual DCFs by the volume of WEEE that each centre can store. Smaller DCFs may experience difficulty in accommodating storage containers. Collection of WEEE from such sites may, therefore, entail more frequent collections of smaller volumes of WEEE. The Contractor is reminded to take account of any special arrangements such as manual handling that the collection of WEEE from such sites may entail.

1. Business continuity

The existing arrangements for collection from the DCFs are outlined in Appendix 1 to this Specification. It is essential that the sites can continue to operate for the public without disruption, as such any changes need to be implemented in partnership with the site operator.

The Contractor will be given all reasonable access to DCFs during the site opening times, with full co-operation from the site operator. The Contractor, however, must fully co-operate with the site operations requirements and comply with the site rules and operating procedures.

2. Containers supplied for WEEE

The Contractor shall be responsible for the provision of suitable storage containers to hold WEEE, handling equipment for loading WEEE into transport, vehicles to transport WEEE from DCFs together with any other resources that these processes may require.

The Council reserves the right to request the replacement of containers that do not meet the Council's safety, maintenance or appearance standards.

3. Collection of WEEE

The Contractor or its Sub-contractor must be a registered carrier of controlled waste under section 2 of the Control of Pollution Act and must have full regard for the Duty of Care obligations.

The Contractor should be aware that it will be wholly responsible for loading/unloading WEEE containers and the site operator does not provide assistance.

Collections schedules can vary with the seasonality of certain waste streams and as such it is essential that the Contractor is able to demonstrate an ability to make sure that collections can be undertaken on an “as-necessary” basis within a maximum of 24 hours of receiving notification from the DCF.

4. Treatment of WEEE

All WEEE must be taken to fully authorised and approved treatment facilities only.

The Council expects that the selection of AATFs used for this contract would consider the waste hierarchy, the proximity principle and other sustainability issues such as recovery rates achieved.

As such the Council would favour the use of UK based AATFs over Approved Exporters.

The Council would also favour treatment facilities that provide the least environmental impact. This could be carbon or treatment emissions, using efficient and reliable technology to ensure that disposal is completed in line with the specification.

5. Social value of WEEE

As a public authority, in line with the Public Services (Social Value) Act 2012 the Council has due regard to economic, social and environmental well-being in Shropshire. The Council would like to see evidence of how contractors could help deliver these benefits within Shropshire where practicable.

As a minimum requirement the Contractor must work with the non-profit making and voluntary sector in line with the requirements of paragraphs 21 to 23 inclusive of the Cop The Council would welcome enhanced working relationships developed in this area where practicable.

An example of this could be working with reuse charities to encourage WEEE reuse and repair.

6. Reporting of WEEE data

The Contractor is required to report to the Council on a monthly basis:

- (a) the monthly and cumulative tonnage of each category of WEEE collected from each DCF
- (b) the monthly and cumulative tonnage of each category of WEEE reused from each DCF
- (c) the monthly and cumulative tonnage of each category of WEEE recycled from each DCF
- (d) the monthly and cumulative tonnage of each category of WEEE disposed of from each DCF
- (e) full details of all 3rd parties, hauliers, merchants and processors used to manage WEEE
- (f) the name, address and permit number of all AATFs used to process WEEE

Data should be submitted electronically to the Council. Data submission must be monthly to allow the Council to comply with the Waste Data Flow reporting scheme. This may be augmented with graphical representation if appropriate.

7. Ancillary services for WEEE

The Council would welcome creative proposals to maximise capture of WEEE in Shropshire. Examples may include e.g. bring banks, school collections, B2B services for local SME's, community working, education, PR, social media support services.

Appendix 1 – current schedule of Designated Collection Facilities (DCF)

Below is a schedule of DCFs, giving an indication of their locations, size or categories of WEEE that the DCFs would be able to handle. DCFs shall be in compliance with the requirements of the Annex of the Code of Practice, attached as Appendix 1 to this Specification.

The information provided within the Schedule is indicative. Final site arrangements will have to be refined based on a joint site survey with the PCS, DCFs' Operators and the Council's Representative if necessary. All figures quoted are approximate and the Council accepts no liability in terms of their accuracy within the Contract Term.

Tonnages of each category of WEEE collected from each DCF in 2021/22 are included in Appendix 2. These tonnages are not a guarantee as to the tonnages that will need to be collected but are provided as information to indicate the likely the tonnages to be managed.

6.6 During the Term, the Contractor shall provide, and shall procure that each Sub-contractor shall provide, to the Council any information the Council may reasonably require relating to the manner in which the Services are organised, which shall include:

- (a) the numbers of employees engaged in providing the Services;

In particular, failure to comply with paragraphs 6.1 and 6.2 in respect of the provision of accurate information about the Transferring Contractor Employees shall entitle the Council to suspend payment of the Charges until such information is provided, or indefinitely. The maximum sum that may be retained under this paragraph 6.8 shall not exceed an amount equivalent to the Charges that would be payable in the three month period following the Contractor's failure to comply with paragraphs 6.1 or 6.2, as the case may be.

6.9 Any change to the Staffing Information which would increase the total employment costs of the staff in the six months prior to termination of this Agreement shall not (so far as reasonably practicable) take place without the Council's prior written consent, unless such changes are required by law. The Contractor shall supply to the Council full particulars of such proposed changes and the Council shall be afforded reasonable time to consider them.

6.10 The Contractor shall indemnify and shall keep indemnified in full the Council and at the Council's request any Replacement Provider against all Direct Losses arising from any claim by any party as a result of the Contractor or sub-contractor failing to provide or promptly to provide the Council and/or any Replacement Provider where requested by the Council with any information required under this Clause 6.1 to 6.4 inclusive ("the Retendering Information") and/or Employee Liability Information or to provide full Retendering Information and/or Employee Liability Information or as a result of any material inaccuracy in or omission from the Retendering Information and/or Employee Liability Information provided that this indemnity shall not apply to the extent that such information was originally provided to the Contractor or any sub-contractor by the Council and was materially inaccurate or incomplete when originally provided.

7. EMPLOYMENT REGULATIONS EXIT PROVISIONS

7.1 The Council and the Contractor acknowledge that subsequent to the commencement of the provision of the Services, the identity of the provider of the Services (or any part of the Services) may change (whether as a result of termination or Partial Termination of this Contract or otherwise) resulting in the Services being undertaken by a Replacement Provider and/or a Replacement Sub-contractor. Such change in the identity of the Contractor of such services may constitute a Relevant Transfer to which the Employment Regulations and/or the Acquired Rights Directive will apply. The Council and the Contractor further agree that, as a result of the operation of the Employment Regulations, where a Relevant Transfer occurs, the contracts of employment between the Contractor and the Transferring Contractor Employees (except in relation to any contract terms disapplied through operation of regulation 10(2) of the Employment Regulations) will have effect on and from the Service Transfer Date as if originally made between the Replacement Provider and/or a Replacement Sub-contractor (as the case may be) and each such Transferring Contractor Employee.

7.2 The Contractor shall, and shall procure that each Sub-contractor shall, comply with all its obligations in respect of the Transferring Contractor Employees arising under the Employment Regulations in respect of the period up to (and including) the Service Transfer Date and shall perform and discharge, and procure that each Sub-contractor shall perform and discharge, all its obligations in respect of all the Transferring Contractor Employees and other employees or former employees of the Contractor or each Sub-contractor (who had been engaged in the provision of the Services) arising in respect of the period up to (and including) the Service Transfer Date (including the payment of all remuneration, benefits, entitlements and outgoings, all wages, accrued but untaken holiday pay, bonuses, commissions, payments of PAYE, national insurance contributions and pension contributions which in any case are attributable in whole or in part to the period ending on (and including) the Service Transfer Date) and any necessary apportionments in respect of any periodic payments shall be made between: (i) the Contractor and/or the Sub-contractor (as appropriate); and (ii) the Replacement Provider and/or Replacement Sub-contractor.

7.3 Subject to clause 7.4, the Contractor shall indemnify the Council and/or the Replacement Provider and/or any Replacement Sub-contractor against any Employee Liabilities in respect of any Transferring Contractor Employee (or, where applicable any employee representative as defined in the Employment Regulations) arising from or as a result of:

 - (ii) in relation to any employee who is not a Transferring Contractor Employee, and in respect of whom it is later alleged or determined that the Employment Regulations applied so as to transfer his/her employment from the Contractor to the Council and/or Replacement Provider and/or any Replacement Sub-contractor, to the extent that the proceeding, claim or demand by HMRC or other statutory Council relates to financial obligations arising on or before the Service Transfer Date;

- (f) any claim made by or in respect of any person employed or formerly employed by the Contractor or any Sub-contractor other than a Transferring Contractor Employee for whom it is alleged the Council and/or the Replacement Provider and/or any Replacement Sub-contractor may be liable by virtue of this Contract and/or the Employment Regulations and/or the Acquired Rights Directive; and
- (g) any claim made by or in respect of a Transferring Contractor Employee or any appropriate employee representative (as defined in the Employment Regulations) of any Transferring Provider Employee relating to any act or omission of the Contractor or any Sub-contractor in relation to its obligations under regulation 13 of the Employment Regulations, except to the extent that the liability arises from the failure by the Council and/or Replacement Provider to comply with regulation 13(4) of the Employment Regulations.

7.6 If such offer is accepted, or if the situation has otherwise been resolved by the Contractor or a Sub-contractor, the Council shall procure that the Replacement Provider shall, or procure that the Replacement Sub-contractor shall, immediately release or procure the release of the person from his/her employment or alleged employment.

7.7 If after the 15th Working Day period specified in clause 7.5(b) has elapsed:

(b) shall apply only where the notification referred to in clause 7.5(a) is made by the Replacement Provider and/or Replacement Sub-contractor to the Contractor within six months of the Service Transfer Date.

7.10 If any such person as is described in clause 7.5 is neither re-employed by the Contractor or any Sub-contractor nor dismissed by the Replacement Provider and/or Replacement Sub-contractor within the time scales set out in clause 7.5 to clause 7.7, such person shall be treated as a Transferring Contractor Employee and the Replacement Provider and/or Replacement Sub-contractor shall comply with such obligations as may be imposed upon it under applicable Law.

7.12 The Contractor shall, and shall procure that each Sub-contractor shall, promptly provide to the Council and any Replacement Provider and/or Replacement Sub-contractor, in writing such information as is necessary to enable the Council, the Replacement Provider and/or Replacement Sub-contractor to carry out their respective duties under regulation 13 of the Employment Regulations.
