Foreword from Lezley Picton, Leader of Shropshire Council

Welcome to Shropshire Council's budget book for the 2022/23 financial year.

It is with immense pride that I have led Shropshire Council since May 2021. This last year did not turn out quite as we anticipated or hoped, and the continuing impact of the Coronavirus Pandemic left its mark on many aspects of the Council in 2021/22.

Let's not forget that Shropshire is a great place to visit, to work and to do business. I see Shropshire Council at the heart of the County, working to create better opportunities for our people and our communities. Our Council is something we should be proud of, but that is not something I will take for granted. We face a difficult financial future and must 'cut our cloth' accordingly and a sustainable future for Shropshire Council is not something we can achieve overnight. Nevertheless, achieving a fair share of Government Funding for Shropshire is something that drives me. Without this, we will continue to face difficult decisions and we will have to accept that what we *want* to achieve and what we *need* to achieve are two different things, with our focus by necessity shifted towards the latter.

Our outlook for 2022/23 and beyond is somewhat limited given the announcements made by Government. We had hoped for the implementation of a new Fair Funding formula for local government which we believe would go some way towards compensating Shropshire for the inequitable share of national funding we have received for many years. Fair funding has been delayed, however, until at least 2023/24 and quite possibly later. We had expected, instead, a three-year settlement which would, at least, provide some certainty through to 2024/25. Instead, a single year announcement was made, incorporating cash flat or a marginally increased continuation of one-off grants for another year. A new unringfenced 'Services' Grant was added for one year only and with an option to levy a 2% precept on Council Tax for Adult Social Care pressures, it was possible to plan for a 3.99% increase in Council Tax overall to help reduce the impact of our funding position.

What the announcements did not deal with, was the £50m structural deficit we as a Council have had to carry for three years. With careful use of funding provided to manage the impact of the pandemic, other one off funds and by depleting our available reserves (held for purposes that we have now had to cancel), we have been able to set a legal budget each year, masking the deficit in our funding. We have not been able to make any significant choices over this time, not able to finance what we want to do; instead our focus has been on spreading our resources as thinly as we can so that we can provide the services our people need. We have become very adept at doing a lot with a little, but this is not how it should be, and it is intrinsically unfair that the people of Shropshire receive significantly less funding per head from government for all of its services in comparison to the national average.

The years ahead continue to provide challenges for the Council. Our population is aging faster than the national average with needs growing ever more complex as time goes on, yet we understand our duty to provide the best care that we can afford for the people of Shropshire. Demographic demands in Children's Services have seen a step change in costs over the last few years, exaggerated since 2020, and safeguarding our younger population has proved difficult to manage financially since 2017/18. Costs continue to grow in this area and this growth has been funded by reductions elsewhere in the Council's budget. We manage these significant financial pressures in the knowledge that we provide low cost services compared to other authorities while maintaining high standards of delivery.

Given the environment we currently operate within, it is of no surprise that our financial plan does not provide a balanced and sustainable budget for the long-term future. The underlying narrative has not altered for several years, year on year, the taxpayers of Shropshire are required to fund a greater amount and a greater proportion of the resources the Council needs to operate. In 2015/16 the Council set a net budget of £216m of which 55% (£119m) was funded by local Council Tax. Between 2015/16 and 2022/23 the amount raised by Council tax rose by over £61m raising £180m. The Council's net budget, however, has risen by just £8m over this time and stands at £224m in 2022/23. As a result, Council Tax increases have not increased the amount the Council can spend in real terms; instead, a net budget that has not kept pace with inflation is now funded at almost 80% by the local taxpayer. The figures in this Budget Book show that this trend is set to continue.

In Shropshire the most elderly of our population is growing at a rate 30% higher than the national average, creating a huge pressure on social care services; we have a wide geography over which to deliver all of our services; we have a huge road network to maintain, and the demands we have to manage derive from a sparsely distributed and sometimes remote population. At the same time, we deliver some of the lowest cost council services in the country, we have a thriving business community, good employment levels and we have good quality housing. Unfortunately, in terms of the Council's finances, the clear majority of our businesses pay little or no business rates (we estimate that of around 12,000 registered business in

Shropshire the largest 100, or less than 1%, pay around 30% of the business rates we collect). More importantly, the demands and pressures on our services cause growth in costs which have no correlation whatsoever with our ability to raise funds locally. We simply cannot raise enough funds, at the accelerating rate we need to, through Business Rates and Council Tax to fund the services we need to provide locally. This leaves us with a stark choice; we cut services to meet our expected funding envelope, or we find new innovative ways to work and the means to raise more income.

We are continuing to lobby Government hard to ensure that 'Fair Funding' achieves what it was set up to do i.e. deliver a redistribution of funds to match needs, not the ability to raise funds. I have continued to lobby government, along with our local MPs, pressing for a fairer settlement for Shropshire in the longer term. This also means getting a fair share for local government as a whole – there's little point in Shropshire receiving a fairer share of the pot, if the pot just isn't big enough to start with.

The government publishes Core Spending Power calculations for every local authority in the country. In Shropshire, the core spending power is below the national average across England. If the new fair funding mechanism did nothing more than provide Shropshire with national average funding, we estimated we would be better off financially by around £30m each and every year. While that amount of funding would not quite be enough to solve our estimated structural funding gap, it would go a long way.

The Budget Book for 2022/23 provides details of how and where we will spend money over the next twelve months, turning our priorities and into the reality of spending plans on a service-by-service basis.

As you will see from the Capital Programme section of this book, we are planning to invest £125 million into local projects in 2022/23. The capital programme remains priority led, reflecting the need for growth in the Shropshire economy, investment in infrastructure and roads, investment in schools and children's residential provision and investment in regeneration. The Capital Programme is driven by the Council's Capital Strategy. The Capital Strategy 2022/23 to 2026/27 outlines proposals to invest almost £279 million in Shropshire over the next five years.

In 2021-22, we have continued to invest in the structural maintenance of roads, bridges and structures, street lighting and the Integrated Transport Plan through utilisation of the Department for Transport's Highways Maintenance funding.

Funding secured from The Marches Local Enterprise Partnership (LEP) and developer contributions have been utilised for the Shrewsbury Integrated Transport Package, which will deliver long term economic benefits and sustainable growth for

Shrewsbury and the surrounding area, and the Oxon Relief Road Project. Design and planning of the North West Relief Road (NWRR) has continued, for which significant government grant funding has been secured to assist with the financing of the project.

In Oswestry, work has completed on the Mile End Roundabout and Oswestry Innovation Park Enabling Scheme to facilitate both housing and employment growth in the area with significant funding secured from Homes England and LEP being utilised towards the cost.

Developer contributions are funding a series of Road and Pedestrian Improvement Projects around Shifnal Town Centre to align housing growth in the area with improved network facilities and public realm, with the project commencing in 2021/22 and completion set for 2022/23.

Funding was secured from the Highway Maintenance Challenge Fund in 2021/22 to deliver flood risk highway improvements in four key areas of Shropshire, Albrighton, Clun, Shifnal and Much Wenlock. Development of the schemes has commenced in 2021/22 and will continue until 2023/24

The Broadband Project continues to deliver improved connectivity to Shropshire, working alongside BDUK to develop innovative ways of delivering Superfast Broadband to homes and businesses across Shropshire.

There has been investment in physical assets through the Council's Corporate Landlord function, incorporating projects which will contribute to the delivery of the Council's Climate Strategy and vision to become carbon net neutral by 2030.

The Council's commitment to invest in regeneration schemes has continued; the Whitchurch Medical Practice now progressing in association with Wrekin Housing Group and with funding from NHS England contributing to the financing of the project.

Disabled Facilities grants continue to be utilised to improve access to homes, rooms, and facilities for Shropshire residents with disabilities and Council investment in Adult Social Care has facilitated a planned project of delivering assisted living accommodation at Greenacres Farm.

School improvement schemes have continued throughout the year utilising Condition Capital, Basic Need Capital, and Devolved Formula Capital funding from the Department for Education (DfE) and the Council continues to invest in School Future Place Planning to meet the increasing demand for school places in the county, utilising developer contributions towards the cost. Improvements to school connectivity in the digital age continue to be implemented through the DfE Full Fibre and Connect the

Classroom grants. The Council is also continuing to invest in the provision of in-house Children’s Residential Care Homes to generate savings in relation to the purchase of out of county care.

The Major Repairs Programme and New Build Programme have continued in relation to the Council’s retained housing stock through the Council’s Arms-Length Management Organisation, Shropshire Towns & Rural Housing (ST&RH).

We are looking at investment opportunities for the future, and we are not averse to internal and external borrowing to fund these should the right opportunities arise. The Capital Strategy is developed around these themes and in the coming years we will see a shift from funding schemes that result in a drain on the budget to proposals that deliver efficiencies and financial returns, reducing our costs not increasing them. Our Treasury and Investment Strategies work together to place a framework around this approach.

In the meantime, the financial implications of our plans for 2022/23 are set out in this budget book. I would like to take this opportunity to offer my thanks to all the officers across the Council who work extremely hard to control and manage our high-quality services and our very complex finances – something that increases in importance with every passing year.

Lezley Picton
Leader of Shropshire Council

Financial Strategy Summary

Financial Strategy Summary

The Final Council Financial Strategy presented to Council 24 February 2022 provides the latest projections on the Council's Resource and Expenditure projections for the period 2022/23 and the initial projections for 2023/24 to 2026/27. The following table provides a summary.

Table 1: Resource and Expenditure Projections 2022-2027

	2022/23	2023/24	2024/25	2025/26	2026/27
	£'000	£'000	£'000	£'000	£'000
Resources	597,560	553,984	562,726	577,177	590,416
Expenditure	656,497	619,313	629,407	640,780	646,878
Funding Gap (2022/23 includes one off COVID-19 Collection Fund Deficit)	-58,937	-65,329	-66,681	-63,603	-56,462
Year on Year Increase		-6,392	-1,352	3,078	7,141

The Resource Projections are based on the Final Local Government Finance Settlement received on 7 February 2022 and estimates of Local Business Rates retained locally. Council Tax will increase in 2022/23 by 1.99% and a further 2.00% relating to an Adults Services Precept.

The expenditure projections reflect the latest assumptions for inflationary growth including pay and prices. These also include demand and demographic growth and budgetary pressures for Adult Services and Children's Safeguarding. Both of these services are experiencing significant increases in growth and it is projected to continue to rise over the 5 year period.

The Council has agreed to use one off grants, and reserves to close and fully fund the funding gap in 2022/23. There is a still a significant amount of uncertainty around the 2023/24 financial year due to the possible introduction of 75% business rates retention in that year alongside the fair funding review. Therefore until further clarity is available from the Government regarding the detail of these proposals and the Council can evaluate the impact on the resources projected, it is not possible to formulate long term plans to ensure a sustainable future for the Council.

The table below details how the total £58.937m will be funded in 2022/23.

Table 2: Funding Gap and Savings for 2022/23

	£'000	£'000
Funding Gap:		
2022/23 Funding Gap	58,937	
Total Funding Gap		58,937
One off Funding:		
Rural Services Delivery Grant – One Off	-6,941	
Social Care Grant - One Off	-12,620	
Improved Better Care Funding	-11,863	
Services Grant - One Off	-3,521	
Lower Tier Services Grant	-397	
Market Sustainability and Fair Cost Fund	-941	
S.31 Business Rates Additional Relief Grants for COVID	-12,761

Appendix 5

Glossary

Budget

The financial plan reflecting the Council's policies and priorities over a period of time i.e. what the Council is going to spend to provide services.

Business Rates

Taxation that is levied on business properties and collected by Shropshire Council. A change in regulations surrounding Business Rates has resulted in a proportion being retained and shared locally amongst authorities (including Fire Authority), rather than going to the Government for redistribution on a national basis.

Capital Expenditure/Capital Programme

Expenditure on items that have a life of more than one year, such as buildings, land, major equipment, or which adds to rather than maintains the value of existing assets.

Capital Financing

Capital expenditure is financed by Government grants, external contributions (e.g. developers' contributions to specific schemes), contribution from the revenue account, proceeds from the sale of assets, and borrowing. The revenue budget bears the cost of direct revenue contributions, together with interest and the provision for repayments of the loans.

Capital Receipts

The proceeds from the sale of fixed assets such as land and buildings. These sums can be used to finance new capital expenditure.

Collection Fund Surplus

A surplus of council tax and business rate income collected over the level assumed for budget purposes. Any such surplus or deficit is shared between the billing authority and its major precepting authorities.

Council Tax Requirement

This is an amount calculated, in advance of each year, by every local authority. It is the amount of revenue to be collected from council tax, and is equivalent to an authority's Band D council tax multiplied by its council tax base.

Earmarked Reserves

The Council maintains certain specific revenue reserves to meet future expenditure. These are held within earmarked reserves.

Employees

This includes all staffing budgets as well as indirect employees costs such as training, recruitment, agency staff and any budgeted redundancy costs.

General Fund Balances

This balance is held by the Council for general purposes, i.e. against which there are no specific commitments. The balance is treated as a contingency to protect the Council's financial standing should there be any financial issues in the year.

Government Grants

Contributions by central Government towards either the revenue or capital cost of local authority services.

Housing Revenue Account

The statutory account to which the revenue costs of providing, maintaining and managing Council dwellings are charged. These costs are financed by tenants' rents and government housing subsidy.

Internal Recharges

This includes the costs of support services such as IT, HR, Finance, Legal and Property Services. These services provide support functions to the frontline services in their service delivery.

Net Budget Requirement

The total expenditure (after deduction of income) that the Council finances from the aggregation of Revenue Support Grant, Business Rates and Council Tax.

Non Controllable Expenditure

This includes notional accounting transactions required to show the total cost of a service and includes capital charges such as depreciation, insurance contributions and future pension costs.

Other Controllable Expenditure

This includes all premises, transport related and supplies and services budgets that the Council holds.

Revenue Expenditure

Expenditure on the day to day running costs of the Council, such as salaries, wages, utility costs, repairs and maintenance.

Service Income

This includes all other income received within the revenue budget and will include other grants and contributions, fees and charges, other sales and internal recharge income.

Staff Budgets

This includes only staff salaries, NI contributions and Pension costs for Council employees.

Tax Base

To set the Council Tax for each property a Council has to first of all calculate the council tax base. This is a figure that is expressed as the total of band D equivalent properties.

Third Party Payments

This is a payment to an external provider or an internal service delivery unit defined as a trading operation. This generally contains any major contracts that the Council enters into.

Transfer Payments

This includes the costs of payments to individuals for which no goods or services are received in return. Examples of transfer payments include rent rebates and rent allowances for Housing Benefits.

Housing Revenue Account

2021/22 Budget £	Shropshire Council Housing Revenue Account	2022/23 Budget £

Capital Programme

Capital Programme Summary

The Capital Programme for the period 2022/23 to 2024/25 is based on current confirmed funding and delivery schedule for schemes. The programme is based on projects that have proceeded to approval stage, either via delegated powers or full Cabinet and Council recommendation approvals.

The Financial Year 2022/23 marks an important point in time for Shropshire Council. A wholesale review of our future aspirations and priorities is being reflected within The Shropshire Plan our new corporate strategy document. The Shropshire Plan will form the umbrella for all the Council's plans and strategies and will help direct decisions on how we use our available resources to achieve the best outcomes for Shropshire. A key element of this is the Capital Strategy, a document that considers the Council's long-term aspirations for investment in assets and infrastructure, but ultimately focussing on the next five years.

The Capital Strategy 2022/23 to 2026/27 details a schedule of capital schemes identified as priorities for the Council over the next five years. These schemes will progress through the approved capital scheme governance process as normal, with robust business cases being developed for each project. These projects and business cases will be presented and approved by Cabinet and / or Council prior to their inclusion in the Council's capital programme. Consequently, as these projects have yet to complete the full due diligence process, they are not currently included in the Capital Programme.

Capital Budgets 2022/23 to 2024/25
