

Statement of Intent for ECO4

Shropshire Council ECO4 Flexible Eligibility Statement of Intent

Local Authority name: Shropshire Council

Publication Date: 15 July 2022

Version 1

Published on: <https://shropshire.gov.uk/private-sector-housing/affordable-warmth-and-energy-efficiency/>

This statement sets out **Shropshire Council's** flexible eligibility criteria for the Energy Company Obligation (ECO4) scheme from April 2022 – March 2026.

The ECO4 scheme will focus on supporting low income and vulnerable households. The scheme will improve the least energy efficient homes helping to meet the Government's fuel poverty and net zero commitments.

The flexible approach for Local Authorities (LAs) to identifying fuel poor and vulnerable households who may benefit from heating and energy saving measures is referred to as "ECO4 Flex".

The Council welcomes the introduction of the ECO4 Flex eligibility routes as it helps the Council achieve its plans to improve the homes of those in fuel poverty or vulnerable to the cold.

Shropshire Council's ECO4 Flex Scheme will primarily be delivered via the council's free and impartial energy advice service, Keep Shropshire Warm. Residents looking to qualify via the ECO4 flex route should in the first instance, contact the Keep Shropshire Warm team for information and advice on how to apply. (0800 112 3743 / advice@mea.org.uk or www.shropshire.gov.uk/keep-shropshire-warm)

The Keep Shropshire Warm team manage a framework of approved ECO4 installers, allowing installers to make direct referrals into the scheme for eligibility checks and the signing of declarations (where qualifying). ECO installers who are interested in referring residents into the ECO4 Flex scheme in Shropshire should contact the team on Advice@mea.org.uk for further information. The team do not accept referrals from lead generators or third parties that are not accredited to undertake ECO4 works themselves.

The Council is publishing this Statement of Intent (SoI), on the **15 July 2022** to confirm that each of the households declared will adhere to at least one of the four available routes outlined below:

Route 1: SAP bands D-G households with an income less than £31,000. This cap applies irrespective of the property size, composition, or region.

Route 2: SAP bands E-G households that meet a combination of two of the following proxies:

Proxy 1) Homes in England in Lower-layer Super Output Area 1-3 (LSOA) ¹ , or homes in Welsh provision LSOA 1-3 on the Welsh Index of Multiple Deprivation 2019 ² , or the Index of Multiple Deprivation for 2020, published by the Scottish Government ³
Proxy 2) Householders receiving a Council Tax rebate (rebates based on low income only, excludes single person rebates).
Proxy 3) Householders vulnerable to living in a cold home as identified in the National Institute for Health and Care Excellence (NICE) Guidance. Only one from the list can be used, excludes the proxy 'low income'.
Proxy 4) A householder receiving free school meals due to low-income.
Proxy 5) A householder supported by a LA run scheme, that has been named and described by the LA as supporting low income and vulnerable households for the purposes of NICE Guideline.
Proxy 6) A household referred to the LA for support by their energy supplier or Citizen's Advice or Citizen's Advice Scotland, because they have been identified as struggling to pay their electricity and gas bills.

* Note proxies 1 and 5 cannot be used together.

Route 3: SAP bands D-G households that have been identified by their doctor or GP as low-income and vulnerable, with an occupant whose health conditions may be impacted further by living in a cold home. These health conditions may be cardiovascular, respiratory, immunosuppressed, or limited mobility related.

¹ [The English Indices of Deprivation 2019 \(publishing.service.gov.uk\)](https://publishing.service.gov.uk)

² [Welsh Index of Multiple Deprivation \(full Index update with ranks\): 2019 | GOV.WALES](https://gov.wales)

³ [Scottish Index of Multiple Deprivation 2020 - gov.scot \(www.gov.scot\)](https://www.gov.scot)

This is because the Council has identified a positive correlation between households who suffer from long-term health conditions and living off a low-income, with living in poorly insulated homes.

Route 4: SAP band D-G households that are referred under Route 4: Bespoke Targeting. Suppliers and LAs can submit an application to BEIS where they have identified a low income and vulnerable household, who are not already eligible under the exiting routes.

Declaration and evidence check confirmation

All potentially eligible households should apply through Shropshire Council's energy advice service, **Keep Shropshire Warm** (0800 112 374 / advice@mea.org.uk or www.shropshire.gov.uk/keep-shropshire-warm or directly via one of their approved ECO installers to ensure that they can either benefit from the scheme or be assessed for eligibility under any other relevant programme (for example, Local Authority Delivery (LAD) or Home Upgrade Grants (HUG)).

The officer below will be responsible for checking and verifying declarations and associated evidence submitted on behalf of the local authority:

Name: Tim Baldwin

Job Title: Affordable Warmth and Energy Efficiency Officer

Telephone: 0345 678 9000

Email: Tim.Baldwin@Shropshire.gov.uk

CEO or dedicated responsible person mandatory signature

Shropshire Council will administer the scheme according to BEIS' ECO4 Order and will identify eligible households via Ofgem's application process. The CEO of the Council will oversee the process of identifying eligible households under ECO4 Flex.

The eligibility information will be stored securely in line with the Council's data protection policy, Information Commissioner's Office Data Sharing Code, and BEIS guidance.

Signature: 

Name: Andy Begley

Job Title: CEO/ dedicated responsible person

Date of signature: 15 July 2022
