Hi,

The location is described via the Easting and Northing references as per the instructions on the form. This was accepted on the first form we submitted. As the site is at present a field, it does not have a formal address.

Many thanks,

Sarah

Morning Sarah

Thank you for the revised application form. Unfortunately, it is still not completed (e.g. no site location etc). This all needs to be filled in to enable us to replace the existing application form.

Hi Sarah,

We are happy to make the name change to the application. However, if we are to accept an amended application form this will need to be completed in full and not including any redactions.

Hi Ollie,

I have not yet been able to obtain the photos but will try to get something to you next week.

In the meantime, please could I substitute the original application form for the one attached? The only change is a change in applicant name to reflect a recent restructure, so the applicant is now Boningale Developments Ltd. I trust this is acceptable but do let me know if anything else is required in this regard.

Also to note that we have been keeping on top of consultation responses as they are being published and will be providing a response next week in terms of the drainage comments. We will also be providing an addendum to the planning statement referencing how the new NPPF impacts the application. After Christmas it would be good to arrange a call with you to discuss the application more generally.

Best wishes,

Sarah
